Mu

By: mikmik

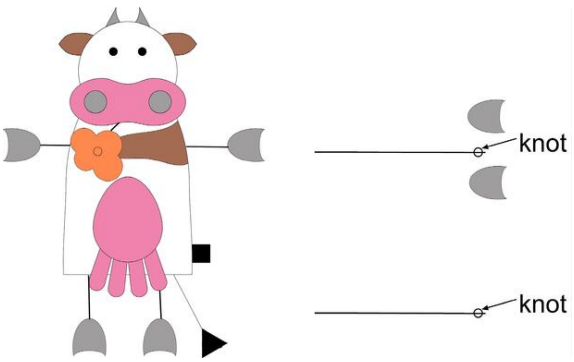
http://www.burdastyle.com/projects/mu

My design of hend pupet.

Materials

Felt

Step 1 — make all the elements with the rope



Put the rope between two elements and make a knot at the end, then sew this two elements together
*hands and feet, the same with the tail … you will have a small bells.

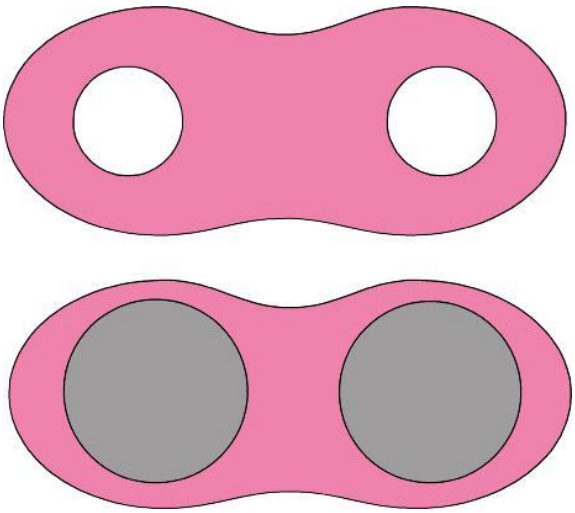
And put leder rope thru for the flower with the knot.

Step 2 — make a cik-cak stich

make a cik-cak stich with the rope on the front MU pattern *(for one arm and the flower)*

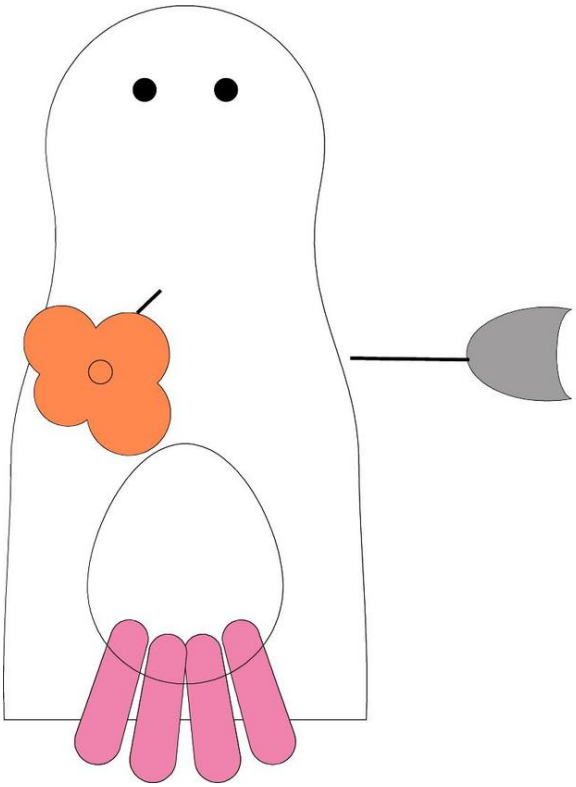
and on the back MU pattern *(for one arm and two legs and the tail)*

Step 3 — make a mouth



on the mouth you need to sew two circle of black fleace

Step 4 — preper the front of the cow

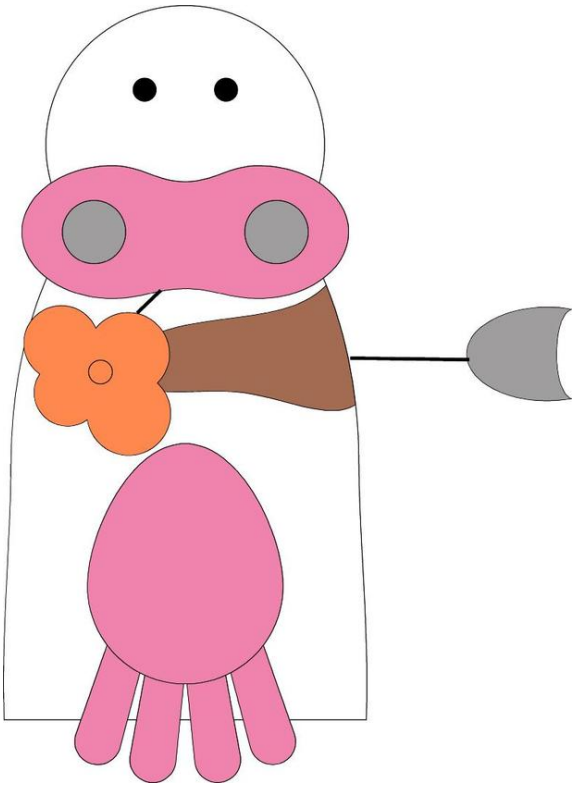


1. make a eye *(buttons or similar)*

2. put the for elements on the pattern and sew it on the front mu pattern with the belly pattern

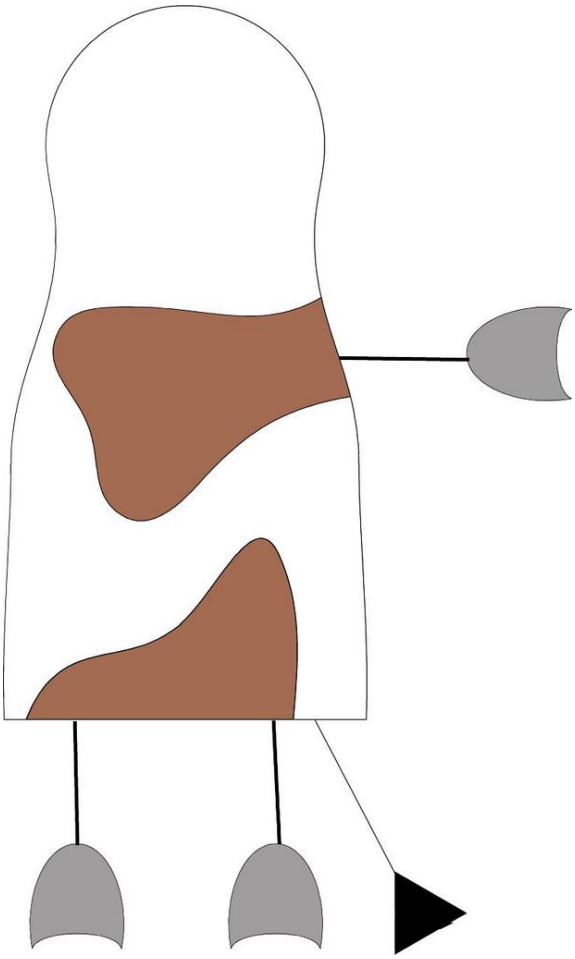
---

Step 5



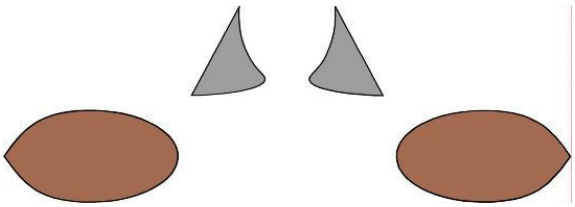
sew the mouth dan the brown element on the fornt mu pattern

Step 6



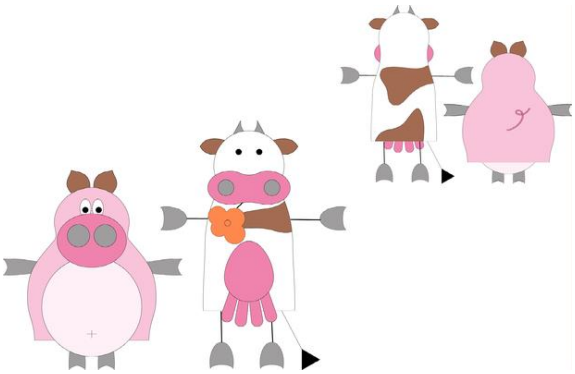
sew the brown elements on the back of mu pattern

Step 7



sew together front mu and back mu, but put between the ears and the horns.
Donâ—t sew the bottom of the mu pattern.

Step 8 — The pig



The pig is very similar. First sew or glue all the elements on the front, and then sew all others elements (hands) between the front and back pattern.
